

Board of Supervisors  
Meeting Date: March 21, 2017  
Prepared By: Joseph H. Tona  
Preparer Phone: 530-527-3717  
Preparer Email: jtona@tehcoapcd.net  
Regular Item

**TEHAMA COUNTY AIR POLLUTION CONTROL DISTRICT - Air Pollution Control  
Officer Joseph Tona**

**Requested Action(s)**

- a) RESOLUTION NO. 2017-23 - Request adoption of a resolution approving Carl Moyer Air Quality Standards Attainment Program Fiscal Year 2016-2017 (YR 19) Application
- b) Request approval and authorization for the Air Pollution Control Officer to sign the Carl Moyer Fiscal Year 2016-2017 (YR 19) Application

**Financial Impact:**

The grant will provide approximately \$239,051.00 for eligible Carl Moyer projects and \$29,881.00 for District administration over the life of the resulting contracts. This funding was previously estimated during the initial budget process.

**Background Information:**

Annually, the District applies for Carl Moyer funding which provides incentives for individuals and businesses to replace older diesel engines with newer engines that are less polluting. For the last few cycles, the District has supplied matching funds to increase the total grant amount, as we have proposed to do this year. When the funding is received, the District will likely focus again on the agricultural industry.
