SHERIFF'S DEPARTMENT - Sheriff Dave Hencratt

Requested Action(s)

- a) Confirmation and award acceptance for the Boating Equipment Grant with the California State Parks Boating and Waterways for fiscal year 2017-18 funds in the amount of \$10,909 for the repairs to two of the older boats

Financial Impact:

There will be no fiscal impact as the purchase will be reimbursed with grant proceeds.

Background Information:

Two of the Sheriff's Department boats are old (model years 1999 and 2001) and are in a constant state of repair. The department purchased a new full size boat in 2009 and turned one back into the state the same year. The department was unable to get funding for a new boat at this time however the department was able to get this grant to make some repairs to the two older boats. There are currently five boats with three being the Patrol boats.
