

Tehama County Transit Agency Board
Meeting Date: February 24, 2020
Prepared By: Maeve Kellogg

Resolution No. 02-2020 FY 2019-2020 Low Carbon Transit Operations Program (LCTOP)

Requested Action(s)

Approval of Resolution No. 02-2020 Authorizing the Execution of the Certifications and Assurances and Authorized Agent Forms for the Low Carbon Transit Operations Program (LCTOP) for the following project: Tri-County Route.

Financial Impact:

\$140,000 in funding to benefit low-income household and residents from the State Low Carbon Transit Operations Program

Background Information:

FY 2020 funding will support the existing interregional transit route project, the Tri-County Route also known as the Glenn-Tehama Connect. This project will continue to support existing TRAX services to better connect the region and serve our residents. This route will also feed the anticipated North State Express Intercity Bus System once the route has been initiated. The Tri-County Route will significantly improve mobility and air quality and would increase transit use to Sacramento and larger systems. As the North State Express Intercity Bus System comes on-line, routes will be synchronized to flow smoothly into that service. The scheduled route times are Monday through Friday 6:05 AM to 6:40 PM for a total of six (6) round trips.
