

COUNTY OF TEHAMA, State of California
SPECIFICATIONS FOR ASPHALT CONCRETE

The bidder's plant shall have the ability to provide Asphalt Concrete for pickup by Tehama County Public Works personnel and equipment. The plant shall be located within a two hour drive of the Tehama County Public Works Corporation Yard, 9380 San Benito Ave., Gerber, California, and shall have the capacity to provide the material required on a daily basis. The County will pick up the asphalt concrete material at the designated plant location.

Asphalt concrete shall conform to the provisions of the State of California, Department of Transportation, Standard Specifications for the State of California, May 2006, Section 92 Performance Graded Asphalt binder, pages 784-785.

The County reserves the right to test and inspect all orders prior to acceptance.

The quantities on the "Bid Schedule" are approximate only and are shown as a basis for comparison of bids only. The County of Tehama does not, expressly or by implication, agree that the actual amount of the purchases will correspond therewith, but reserves the right to increase or decrease the amount as deemed necessary by the Director of Public Works.

The term of this bid shall be effective on date of Board of Supervisors' (Board) approval through January 31, 2018, inclusive.

Bids are being solicited in accordance with Tehama County's alternative transportation cost-based competitive bidding procedures. Each bid will be placed upon the County's approved bid list for the term of the bid. For each road repair and maintenance project during the term of the bid, the County will determine the distance between each bidder's plant and the job site, and will assign a transportation cost factor (calculated at \$2.50/mile) for each bidder to represent the County's cost to pick up the material and deliver it to the job site. These cost factors will then be added to the bid prices on the approved bid list to determine which bidder provides the lowest total County cost for that project. A sub-award will be made to that bidder for the project. The County shall have no obligation to make any purchase from any bidder until a sub-award is made by the Tehama County Purchasing Agent or Designee. Nothing in this Proposal shall be construed to require the County to purchase any asphalt concrete from any bidder that is not included within this proposal under any circumstances.

Bidder agrees to provide billings that include all costs for each load of asphalt concrete picked up at the plant.

The County reserves the right to remove any bidder from the approved bid list for failure of the bidder to perform in accordance with his proposal.
