

Dear Board of Supervisors,

I, Connor Fennel, and my friends Jason Johnson and Henry Bartolomei want to do our Senior Make A Difference project at Mill Creek Park in Los Molinos. The tasks we have been told need to be done are: 1. Trim suckers from trees and put them onto the burn pile, 2. Pick up all the tree limbs around the park and move them to the burn pile, 3. Clean out ash in the BBQ pits and dump onto the burn pile, 4. Weed eat under the bleachers at the ball fields and soccer fields, 5. Weed eat and clean up the tennis court, 6. Fill in holes along the road with silt from the parking lot, 7. Clean out all of the ball field dugouts, 8. Clean the cobwebs off of the outside of all the restrooms and hose down the restrooms, 9. Hose off the sidewalks and basketball courts, 10. Weed eat any and all tall grass around the Park. Thank you for your time and consideration in letting us do this project.

Sincerely,

Connor, Henry, and Jason
