**SUBJECT: State Inspection Report for the Tehama/Red Bluff Landfill
Facility No. 17-AA-0001**

Dear Mr. Potanovic:

Pursuant to Division 30, Public Resources Code (PRC), Section 43220, staff of the Department of Resources Recycling and Recovery (CalRecycle) conducted an 18-month inspection of the subject facility on November 8, 2017, in conjunction with Alan Fleming of your staff. A copy of CalRecycle staff's inspection report is enclosed for your records. A copy of the enclosed inspection report has also been forwarded to the facility operator.

One purpose of this inspection is to evaluate whether the Local Enforcement Agency (LEA) is appropriately applying and enforcing State Minimum Standards (SMS) at solid waste facilities within its jurisdiction. Therefore, this letter and the inspection report provides recommendations and/or directions on compliance issues observed during the facility inspection.

The facility was evaluated for compliance with applicable sections of Division 30 of the PRC, the terms and conditions of the Solid Waste Facility Permit, Title 27, California Code of Regulations (27 CCR).

There were no violations, or areas of concern noted during the inspection.

Your agency's cooperation during the recent inspection is appreciated. If you have any questions regarding the inspection report, please contact Michael Payan of my staff at (916) 341-6705 or me at (916) 341-6402.

Sincerely,

Tadese Gebrehawariat, Supervisor
